This Appendix contains the particulars that are required by the Listing Rules to be included in an explanatory statement to enable the Shareholders to make an informed view on whether to vote for or against the resolution to be proposed at the AGM in relation to the proposed Repurchase Mandate.

SHARE CAPITAL

As at the Latest Practicable Date, the Company had 2,111,689,455 Shares in issue or an issued share capital of HK\$211,168,946. Subject to the passing of the resolution granting the proposed mandate to repurchase its own shares and on the basis that no further Shares are issued or repurchased before the AGM, the Company will be allowed to repurchase a maximum of 211,168,945 Shares, representing 10% of the issued share capital of the Company as at the date of passing of the resolution, during the period ending on the earlier of the conclusion of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required to be held by law or the date upon which such authority is revoked or varied by a resolution of the Shareholders in general meeting.

REASONS FOR REPURCHASES

The Directors believe that it is in the best interests of the Company and the Shareholders as a whole for the Directors to have a general authority from the Shareholders to enable the Company to repurchase its shares in the market. Such repurchases may, depending on market conditions and funding arrangements at the time, lead to an enhancement of the net asset value of the Company and/or earnings per Share and will only be made when the Directors believe that such repurchases will benefit the Company and the Shareholders as a whole.

FUNDING OF REPURCHASES

Any repurchase of securities of the Company made pursuant to the proposed Repurchase Mandate would be made out of funds which are legally available for the purpose in accordance with the memorandum and articles of association of the Company, the Listing Rules and the applicable Cayman Islands laws. Under the Cayman Islands law, repurchases by the Company may only be made out of profits of the Company, from sums standing to the credit of the share premium account of the Company or out of the proceeds of a fresh issue of shares made for the purpose of the repurchase or, subject to the statutory test of solvency, out of capital. The premium, if any, payable on the repurchase, shall be provided for out of profits of the Company or from sums standing to the credit of the share premium account of the Company or, subject to the statutory test of solvency, out of capital.

FINANCIAL IMPACT

The Directors have no present intention to repurchase any Shares and they would only exercise the power to repurchase in circumstances where they consider that the repurchase would be in the best interests of the Company and the Shareholders and in circumstances where they consider that the Shares can be repurchased on terms favourable to the Company. The Directors anticipate that if the general mandate to repurchase securities were to be exercised in full at the current prevailing market value, it may have a material adverse impact on the working capital and gearing level of the Company by referring to the audited consolidated financial statements of the Company as at 31 December 2020. The Directors do not propose to

exercise the mandate to repurchase shares to such an extent as would, in the circumstances, have a material adverse effect on the working capital requirements of the Company or the gearing levels which in the opinion of the Directors are from time to time appropriate for the Company.

Accordingly, a Shareholder, or a group of Shareholders acting in concert, depending on the level of increase of the Shareholders' interest, could obtain or consolidate control of the Company and become obliged to make a mandatory offer in accordance with Rule 26 of the Takeovers Code as a result of any such increase.
